MESSAGE FROM THE PRINCIPAL

Dear Parents & Caregivers, Skate Park Violence

Unfortunately, further violence and aggressive behaviour has occurred recently at the Skate Park located at the town oval, involving students from BCS. Whilst such incidents are not school incidents, they definitely impact the school. I'm sure parents and carers can appreciate that when youth attend school with tensions and animosity stemming from out of school conflicts, it leads to potential major behavioural issues at the school.

The police have provided some assistance to the school by addressing the secondary student body with a warning of consequences for inappropriate social behaviour in Baradine.

My advice to the community is to ensure there is some adult supervision for your children when they are playing at the oval out of school hours.

Assemblies and Student Awards

The student representative council has been busy with its proposal for an overhaul of student acknowledgement and awards. The executive is open to change and has decided to implement the following:

Major awards will be presented twice per term at formal whole school assemblies scheduled for Weeks 5 and 10.

Awards will include:

- Best attendance in each roll call class.
- PBL stand out student in each roll class (receive PBL Money voucher).
- Most improved student in the roll call class
- The class with the best attendance

- Principal's awards nominated by the teachers best effort in key subjects.

These awards will be published in the newsletters that week and replace the former fortnightly awards.

Parent Teacher Student meetings

Parent, teacher, student meetings are coming up soon on Monday afternoon March 29 from 3pm -6pm. Teachers will meet parents & students at **Memorial Hall**. Parents will need to sign in with COVID requirements first.

Roll call teachers will also discuss Personalised Learning Plans (PLPs) for students identifying as Aboriginal, with parents/ caregivers.

P&C

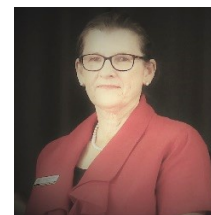

P&C met on 4/3/21. Discussion included the concept of 'Connected Community' schools, delivery of Aboriginal Education in 2021 and inclusion of further practical and essential skills for our high school students.

Meetings are scheduled for the first Monday of the month at 2pm however the next meeting will be **29/3/21** due to holidays in April. It also will allow parents attending to go directly to the parent teacher meetings at 3pm.

Future scheduled P&C meetings are:

May 3
June 7
July no meeting
August 2,
September 6,
October no meeting
November 1
December 6

CHEMISTRY AT BCS

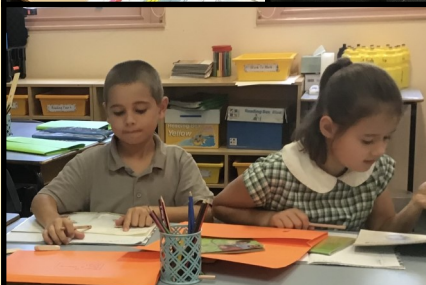

Annie Edwards recently led a chemistry class to students in Stage 4 Geography (extension). Stage 4 is currently learning about the topic of *Water in our World* and this tied in very well with Annie's current learning in Chemistry 11. Annie is currently learning about *States of Matter*. She guided students through an experiment which helped the stage 4 students develop their understanding about the outcome of boiling salt water. Through Annie's demonstration, students learned that the mass of salt increases after the water has been evaporated due to the absorption of the liquid. It also decreases the size of the salt crystals which transforms the texture turning it into a fine powder. Additionally, they also learned that boiling ocean water is not a reliable solution for our world's global water crises, as they were not able to remove all of the salt from their beakers.

TRIGONOMETRY EXCURSION

On Friday 5th March our Year 12 students completed an orienteering course at the Warrumbungle National Park as part of their trigonometry assessment task. The students did very well to successfully complete a very challenging course.

Years 2/3/4 are flexible learners that always try their very best.

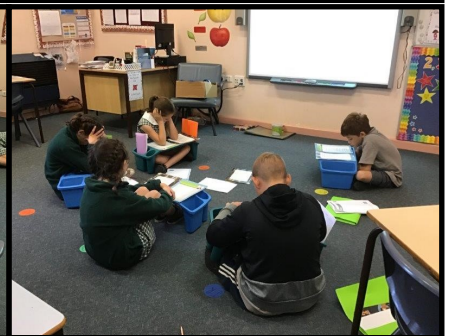

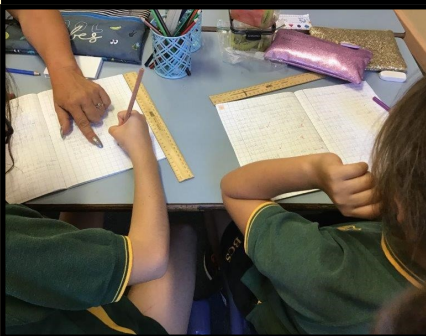

Your Best

If you always try your best
Then you'll never have to wonder
About what you could have done
If you'd summoned all your thunder.

And if your best
Was not as good
As you hoped it would be,
You still could say,
"I gave today
All that I had in me."
